American Greetings Corporation #10057

American Greetings Corporation #10057

CPS IND #1361 - 2,400 Gallons

RITEPOINT COMPANY #2399 - 14,778 Gallons

Total Group Volume: 17,178 Gallons

Liability Group Reasoning

American Greetings Corporation is the likely liable party for CPS Ind. TN corp. data shows CPS Industries, Inc., a DE corp authorized in TN on 5/3/1976, withdrawn on 12/31/1987, the same date that it merged into CPS Corporation of Delaware. It appears that CPS Corporation of Delaware merged into American Greetings Corporation in 2000 based on the 10-K report of American Greetings Corporation.

American Greetings Corporation is also the likely liable party for Ritepoint Company. MO corp. data shows Ritepoint, a fictitious registration owned by Penn Corporation. Penn Corporation merged with Contempo Coulours, Inc., which was subsequently acquired by American Greetings Corporation.

Address Reasoning

SAIC recommends sending notice to Jeffrey M. Weiss, president of American Greetings Corporation, at the headquarters address, which is confirmed by Hoovers.

Grouped Generators Information

CPS IND #1361

Volume: 2,400 Gallons

TN corporate data shows a series of related corporations called CPS Industries, Inc. and CPS Corporation of Delaware. CPS Industries, Inc. was a DE corp. authorized in TN on 5/3/1976, before the manifest period in 1980, and was withdrawn on 12/31/1987, the same day a TN corp. of the same name merged into CPS Corporation of Delaware. CPS Corporation of Delaware merged into "Non-Qualified Corporation" on 8/1/2000. This unidentified corporation appears to be American Greetings Corporation, which announced in June 2000 that it had reached agreement with Fox Valley Corporation to acquire all the stock of CPS Corporation of Franklin, TN. This acquisition was subsequently mentioned in the 10-K report of American Greetings Corporation.

Dun & Bradstreet and Yellow Pages show CPS Corporation currently operating at 1715 Columbia Highway, Franklin, TN. Hoover's Online and the co.'s 10-K report show the corp. headquarters address of American Greetings Corporation, 1 American Road, Cleveland, OH; Jeffery M. Weiss, president.

SAIC recommends sending notice to Jeffrey M. Weiss, president, American Greetings Corporation, at the address shown for it on Hoover's Online.

RITEPOINT COMPANY #2399

Volume: 14,778 Gallons

MO corp. data shows Ritepoint/Chromatic, Inc.; incorp. in MO on 6/7/94; status merged on 8/9/96 into a co. not authorized in MO; reg. agent James Halpern at the Steering Committee recommended address, 1733 Gilsinn Lane, Fenton, MO. This co. was active after the manifest period.

MO corp. data also shows Ritepoint; created 8/28/1968; a fictitious registration owned by Penn Corporation, 9400 Watson Road, St. Louis, MO; status active. MO corp. data shows Penn Corporation, a DE co. authorized in MO on 8/7/68; dissolved in MO on 9/18/95. This co. was active during the manifest period. It is the likely generator.

The U.S. Patents and Trademark Office website shows Penn Corporation merged with Contempo Colours, Inc., One Paper Place, Kalamazoo, MI. In 1999, Contempo Colours, Inc. and Penn Corporation assigned their entire interest in several patents/trademarks to American Greetings Corporation. An undated newswire article states that American Greetings completed the acquisition of Contempo Colours, Inc. American Greetings Corporation is the likely successor to the likely liable party.

OH corp. data shows American Greetings Corporation, incorp. in OH on 1/29/1944 and active.

Hoovers Online and the co. website show American Greetings Corporation, 1 American Rd., Cleveland, OH; president: Jeffrey M. Weiss.

SAIC recommends sending notice to Jeffrey M. Weiss, president of American Greetings Corporation at the address shown in the Hoover's data.

MO corp. data shows Soundolier, Inc., name changed from the manifest name, Soundolier Electronic Industries, Inc., incorp. on 8/17/1946 in MO and dissolved on 6/30/1983. No officers are listed.

USPTO Trademark data shows a 3/15/1963 dead filing made by Soundolier, Inc. at the Steering Committee recommended address, 9380 Watson Industrial Park, St. Louis, MO. The last listed owner is shown as American Trading and Production Corporation. A live trademark filing made 9/26/1979 by Soundolier, Inc. was last owned by Atlas Soundolier, LP, DBA Atlas Sound, LP.

EPA FRS shows Soundolier Inc, 1049 Front St., Festus, MO, last updated date 2/23/1998, and owned by American Trading and Production Co.

MO corp. data shows Soundolier Division of American Trading and Production Corporation; MD home state name: American Trading and Production Corporation; a MD corp. created in MO on 6/27/1983 and merged into a company not qualified to do business in MO on 12/30/1998. No officers are listed.

MD corp. data shows American Trading and Production Corporation, The Blaustein Bldg. 25th Floor, Baltimore, MD, incorp. in MD on 6/23/1931 and merged into ATAPCO, Inc., a DE co., on 12/31/1998. No officers are listed. Alan G. Choate is listed as the registered agent at the corp. address.

Collectively, Soundolier, Inc. and Soundolier Division of American Trading and Production Corporation used the manifest name, operated at the Steering Committee recommended address and were active during the manifest period. Although Soundolier, Inc. was only active for the first six months of the manifest period it is the likely generator for that period. Soundolier Division of American Trading and Production Corporation is the likely generator for the

remainder of the manifest period and as the apparent continuation of Soundolier, Inc., the likely successor to the likely generator for the waste generated prior to 6/30/1983.

MD and DE corp. data show no listings for ATAPCO, Inc.

MD corp. data shows American Trading and Production Corporation, Suite 1600, Ten East Baltimore St., Baltimore, MD, a DE co., registered in MD on 1/22/1999 and in good standing. This co. uses the same name as the likely generator in MD and was registered to do business in MD 22 days after its predecessor merged into ATAPCO, Inc., an entity whose name forms the acronym of American Trading and Production Corporation. DE corp. data shows that American Trading and Production Corporation was incorp. in DE on 12/28/1994. Given the apparent relationship among the names and addresses of these entities, it appears that the American Trading and Production Corporation that was incorp. in DE and registered in MD, is the likely successor to the likely generators. It is the likely liable party.

IL corp. data shows Louis B. Thalheimer as the president of American Trading and Production Corporation as of its revocation from IL on 6/1/2000. Since this date after the merger of the original American Trading and Production Corporation into ATAPCO, Inc. and the incorporation of American Trading and Production Corporation, this may indicate that Louis B. Thalheimer acts as president of American Trading and Production Corporation formed in 1999.

White Pages shows apparently unrelated entities currently located at the Steering Committee recommended address.

SAIC recommends sending notice to Louis B. Thalheimer, president of American Trading and Production Corporation, Ten East Baltimore St., Suite 1600, Baltimore, MD, as confirmed by the co. website.

Since it appears that the relevant assets of the generators have been sold in their entirety to a third party, this information is discussed below:

USPTO Trademark data shows a filing for the wordmark Atlas Soundolier made by American Trading and Production Corporation on 8/3/1987. This Trademark data and a 3/99 lawsuit filed against Atlas-Soundolier/American Trading & Production Corp. indicates that the likely liable party likely did business as Atlas Soundolier.

An 8/1/1999 Sound & Video Contractor online article reports that Mitek purchased Atlas-Soundolier, including the Atlas Soundolier tradename, its brands, company patents and trademarks, intellectual property and manufacturing facilities.

The Mitek Corporation website shows Atlas Sound as a subsidiary of Mitek Corporation; the corporate headquarters are located at 4545 East Baseline Road, Phoenix, AZ.

AZ corp. data shows no record for Mitek Corporation, but does show MTX, Corporation, 4545 E. Baseline, Phoenix, AZ, and a foreign address of One Mitek Plaza, Winslow, IL, approved in AZ on 5/26/1994 and appears to be active (last annual report filed 2/28/05) Mitek Corporation is listed as the "true name" of the co. indicating that the co. does business in AZ only as MTX,

Corporation and does business in its home state, IL, and elsewhere as Mitek Corporation. Loyd Ivey is shown as the president at the AZ corp. address.

IL corp. data shows Mitek Corporation, incorp. in IL on 10/31/1981 and in good standing. Loyd Ivey is listed as the president at the foreign address shown in AZ corp. data, One Mitek Plaza, Winslow, IL. MTX is shown as an active assumed name.

Hoovers Online and Yellow Pages confirm Mitek Corporation headquarters located at 4545 E. Baseline Road, Phoenix, AZ.

In the alternate, SAIC recommends sending notice to Loyd Ivey, president of Mitek Corporation at the address shown for MTX, Corporation in AZ corp. data.

Address Reasoning

The address of Barnes-Jewish Hospital, 216 S. Kingshighway, St. Louis, MO, is confirmed by White Pages, the company website, and Dun & Bradstreet.

Grouped Generators Information

BARNES HOSPITAL #94

Volume: 11,976 Gallons

MO corp. data shows Barnes Hospital, incorp. in MO on 3/5/73 and merged into The Jewish Hospital of St. Louis on 1/31/96, which then changed its name to Barnes-Jewish Hospital.

MO corp. data shows Barnes-Jewish Hospital located at 216 S. Kingshighway, St. Louis, MO, incorp. on 2/17/93, name changed from The Jewish Hospital of St. Louis, and active. Ronald Evens, MD, is listed as the president at One Barnes-Jewish Hospital Plaza, St. Louis, MO. This corp. is the successor to the likely generator, Barnes Hospital.

Dun & Bradstreet shows the headquarters location for Barnes-Jewish Hospital is located at 216 S. Kingshighway Blvd., St. Louis, MO.

The Barnes-Jewish Hospital website shows it is located at the steering committee's recommended address, One Barnes-Jewish Hospital Plaza, St. Louis, MO, and lists Ron Evens, MD, as the president.

SAIC recommends sending a notice to the president of Barnes-Jewish Hospital at the corp. address.

JEWISH HOSPITAL OF ST LOUIS #1866
--

Volume: 305 Gallons

MO corp. data shows Barnes-Jewish Hospital, 216 South Kingshighway, St. Louis, MO, incorporated on 9/19/1951 and active; president Ronald Evens; name changed from The Jewish Hospital of St. Louis on 1/31/1996 after Barnes Hospital merged into The Jewish Hospital of St. Louis.

The Barnes Jewish Hospital website shows that Barnes Hospital and Jewish Hospital merged to form Barnes-Jewish Hospital in January 1996; it also shows that the Washington University Heart Care Institute at Barnes-Jewish Hospital is located at the manifest address, 216 S. Kingshighway.

The White Pages shows Barnes Jewish Hospital located at the manifest address.

SAIC recommends sending a notice to the president of Barnes-Jewish Hospital at the manifest address.

Reasoning Summary

IL corp data shows Benton Drumming Corporation, a Delaware corporation, authorized in IL on 1/30/98, located at the manifest address, 1801 Benton St., Granite City, IL, and active, president Patricia Cann. IL corp. data also shows Nesco Steel Barrel Company, incorporated in IL on 6/6/1984, located at the manifest address, president Dale Cann, secretary Patricia Cann, and active.

TRI data shows Nesco Container Corp., parent company Nesco Steel Barrel Co., at the manifest address from 1987-1995. The Benton Drumming company website shows that Benton Drumming Corporation was founded in 1997, and is located at the manifest address.

Benton Drumming Corporation and Nesco Steel Barrel Company, the likely generator, are both operating at the manifest address, and apparently are managed as one enterprise, with Dale Cann and Patricia Cann as officers of both. SAIC recommends sending a notice to Benton Drumming Corporation at its headquarters address, which is confirmed by the company website and Yellow Pages.

Liability Group Reasoning

BP Products North America Inc. is the likely liable party for the group.

IL corp. data shows BP Products North America Inc., a MD corp. authorized in IL on 11/14/1956 and in good standing; name changed from Amoco Oil Company on 9/30/2002; president R.J. Pillari, 4101 Winfield Rd., Warrenville, IL.

MO corp. data shows BP Products North America Inc., a MD corp. authorized in MO on 1/29/1957 and in good standing; name changed from Amoco Oil Company; president Ross J. Pillari, 4101 Winfield Rd., Warrenville, IL.

Grouped Generators Information

AMOCO #54

Volume: 59,009 Gallons

There are 6 manifest addresses in MO and IL associated with this generator:

Manifest address #1, 634 North Grand West, Springfield, IL. A list of locations to obtain a local newspaper shows Amoco at manifest address #1.

Manifest address #2, 28100 Torch Pkwy 6-S, Warrenville, IL. Yellow Pages shows BP Amoco at manifest address #2.

Manifest address #3, 2730 N. Ballas Rd, St Louis, MO. Yellow Pages shows two apparently unrelated entities at manifest address #3.

Manifest address #4, 400 S. Woods Mill, Ste 240, Chesterfield, MO. iPlease shows Amoco Oil Co. at manifest address #4.

Manifest address #5, 1145 Wesley Road, Creve Coeur, IL. Yellow Pages shows Standard Oil Division Amoco Oil Co., and Amoco Oil Company Transport Gasoline & Diesel Fuel at manifest address #5. The Trucking Network website also shows Amoco Oil Company at this address.

Manifest address #6, 200 E. Randolph, MC 3507A, Chicago, IL. Yellow Pages and EPA Envirofacts show Amoco Corporation at manifest address #6.

IL corp. data shows BP Products North America Inc., a MD corp. authorized in IL on 11/14/1956 and in good standing; name changed from Amoco Oil Company on 9/30/2002; president R.J. Pillari, 4101 Winfield Rd., Warrenville, IL.

MO ccrp. data shows BP Products North America Inc., a MD corp. authorized in MO on 1/29/1957 and in good standing; president Ross J. Pillari, 4101 Winfield Rd., Warrenville, IL.

BP Products North America Inc. used the manifest name of Amoco Oil Company during the manifest period in both manifest states. It is the likely generator.

SAIC recommends sending notice to Ross J. Pillari, president of BP Products North America Inc., at the corp. address, which is confirmed by Yellow Pages.

AMOCO #18663 #55

Volume: 165 Gallons

US EPA Envirofacts shows Turners Sunnycrest Amoco at the manifest address, 1821 Philo Rd., Urbana, IL. Dun & Bradstreet shows Turner's Sunnycrest Amoco at the manifest address. IL corp. data has no record for Turners Sunnycrest Amoco or any form of this name.

An on-line directory for Urbana, Illinois shows Circle K BP at the manifest address. Yellow Pages shows Big Foot Food Stores currently at the manifest address. IL corp. data shows Mac's Convenience Stores, LLC, a DE LLC, authorized in IL on 5/29/2001 and in good standing; name changed from Big Foot Food Stores, LLC on 7/25/02; active assumed name, Circle K Food Stores. However, this LLC was not authorized in IL until after the manifest period.

IL corp. data shows BP Products North America Inc., a MD corp. authorized in IL on 11/14/1956 and in good standing; name changed from Amoco Oil Company on 9/30/2002; president R. J. Pillari, 4101 Winfield Rd., Warrenville, IL. This entity is the likely liable party for other Amoco entities.

Because (1) SAIC was unable to identify any corp. data for Turners Sunnycrest Amoco, (2) the LLC which appears to currently operate the Amoco BP station at the manifest address was not formed until after the manifest period, and (3) BP Products North America Inc. is the likely liable party for other Amoco entities, SAIC recommends sending notice to Ross J. Pillari, president of BP Products North America Inc., at the corp. address, with the understanding that this company may not be liable for the waste generated but may be able to provide information regarding the potential generator.

AMOCO #18884 #56

Volume: 55 Gallons

US EPA Envirofacts shows Amoco Station 18884, a form of the manifest name, at the manifest address, 1305 Clarkson, Ellisville, MO; contact Thomas Tunnicliff, 400 S. Woods Mill, Ste 240, Chesterfield, MO. Yellow Pages shows Amoco Oil Co. at the address for the contact. MO corp. data shows BP Products North America Inc., a MD corp. authorized in MO on 1/29/1957 and in good standing; name changed from Amoco Oil Company; president Ross J. Pillari, 4101 Winfield Rd., Warrenville, IL. This co. used the manifest name at the manifest address. It is the likely generator.

Yellow Pages has no current record for the manifest address, 1305 Clarkson, Ellisville, MO.

SAIC recommends sending notice to Ross J. Pillari, president of BP Products North America Inc., at the corp. address, which is confirmed by Yellow Pages.

AMOCO #5297 #57

Volume: 330 Gallons

US EPA Envirofacts shows Amoco 5297, the manifest name, at the manifest address, 1713 W John St., Champaign, IL. Yellow Pages shows Big Foot Amoco, a form of the manifest name, at the manifest address.

IL corp. data shows BP Products North America Inc., a MD corp. authorized in IL on 11/14/1956 and in good standing; name changed from Amoco Oil Company on 9/30/2002; president, R. J. Pillari at 4101 Winfield Rd., Warrenville, IL.

SAIC recommends sending notice to R. J. Pillari, president of BP Products North America Inc., at the corp. address, which is confirmed by Yellow Pages.

AMOCO #5456 #58

Volume: 220 Gallons

US EPA Envirofacts shows Amoco Station #5456, a form of the manifest name, at the manifest address, 6940 S. Lindbergh, St. Louis, MO 63129; contact Thomas Tunnick, 400 S. Woods Mill, Ste., 240, Chesterfield, MO. iPlease-Missouri shows Amoco Oil Co. at the contact's address. Reasoning Summary

MO Corporate data shows Chevron Chemical Co., a DE corporation authorized in MO 6/10/1938 and merged into an unspecified corporation on 1/30/1998. AZ corp. data shows Chevron Chemical Company, a DE corp. authorized in AZ on 7/11/1939, merged into Chevron Chemical Company LLC on 2/5/1998, status inactive, withdrew on 7/25/2000.

A press release of 2/7/2000 reported that Chevron and Phillips Petroleum had formed a joint venture to combine their chemicals operations, to be called Chevron Phillips Chemical Company LLC. The 2000 10-K Report of Chevron Corporation indicates that Chevron Chemical Company LLC was an operating division until July 1, 2000, when the petrochemical business of Chevron was combined with that of Phillips Petroleum Company.

Hoover's Online shows Chevron Phillips Chemical Co., LLC at 10001 6 Pines Dr., The Woodlands, TX, a 50-50 joint venture of Chevron Corporation and Phillips Petroleum, and Chevron Corporation, 6001 Bollinger Canyon Rd., San Ramon, CA.

The likely generator, Chevron Chemical Company, merged into Chevron Chemical Company LLC, which then operated the chemical business of Chevron Corporation. This chemical business was combined in 2000 with the chemical business of Phillips Petroleum in a joint venture called Chevron Phillips Chemical Company LLC. Since there is no evidence that the successor corp. Chevron Chemical Company LLC is dissolved, SAIC recommends sending a notice to the former parent of this corp., Chevron Corporation, at its corp. headquartes address.

WI corp data shows Case Corporation at the manifest address, 700 State St., Racine, WI, organized in DE on 4/29/1994, registered in WI on 5/11/1994 and withdrawn 4/15/2004. It changed its name from Case Equipment Corporation to Case Corporation on 8/4/1994. This co. used the manifest name, operated at one of the manifest addresses, and was active during the manifest period. It is the likely generator.

The CNH website indicates that the current operating company manufacturing and selling Case equipment is CNH America LLC. It also shows that the co. was founded in 1842 as Case, merged in 1999 with New Holland to become CNH and is currently in business.

WI corp. data shows CNH America LLC, at one of the manifest addresses, 700 State St., Racine, WI, a DE limited liability co. authorized in WI on 4/15/2004. This co. changed its name from Case, LLC on 4/19/2004. Since the co. website indicates that this is the current operating co. and the fact that it was registered in WI on the same day that the likely generator was withdrawn, this co. is likely a continuation of the business of the likely generator. It is the likely liable party.

SAIC recommends sending notice to Managing Member, CNH America LLC, at one of the manifest addresses, 700 State St., Racine, WI.

CASE/DMI #1232

Volume: 13,360 Gallons

An 11/4/1998 Business Wire article states that Case Corporation completed its acquisition of DMI, Inc.

WI corp. data shows several entities containing the name "Case" with addresses at the manifest address; oldest incorp. date 5/11/1910. Case Corporation, or its successor was active during the applicable period and is the likely liable party.

The CNH Global, N.V. ("CNH") co. website shows that CNH is the successor co. to Case Corporation and New Holland by merger; approved by the U.S. Dep. of Justice on 11/4/1999.

The Case Construction Equipment website shows that Case is a brand of CNH and managed by CNH America LLC at the manifest address, 700 State St., Racine, WI. The CNH Global, N.V. ("CNH") co. website shows that CNH America LLC is a wholly-owned subsidiary of CNH. WI corp. data shows CNH America LLC, at the manifest address, a DE co. authorized in WI on 4/15/2004.

SAIC recommends sending notice to Managing Member, CNH America, LLC, at the manifest address, which is confirmed by D&B.

Reasoning Summary

MO corp. data shows Crane Merchandising Systems as an active fictitious registration created 2/22/01. Crane Co. is listed as owner at 100 First Stamford Pl., Stamford, CT.

Mo corp. data shows two apparently related listings for Crane Co.: (1) Crane Co., f/k/a Crane Company, an IL co. qual. in MO on 2/26/1917 and merged into an entity not qualified in MO on 5/14/1995, and (2) Crane Co., 100 First Stamford Pl., Stamford, CT, an active DE co. qual. in MO on 8/30/1985. Eric C. Fast is listed at the President at the corp. address. The co. was active during the applicable period and is the likely liable party.

The co. website shows that the co. formerly did business using the Steering Comm. rec. name, Crane National Vendors, and has used Crane Merchandising Systems, instead, since 2001. The co. website also confirms the corp. hq at the corp. address.

Reasoning Summary

U.S. EPA Envirofacts shows Dow Screw Products Inc at the Steering Committee recommended address, 8620 S. Broadway, St. Louis, MO.

MO corp. data shows Ollinger Webster, Ltd., name changed from Dow Screw Products, Inc. on an unknown date; incorp. in MO on 1/26/1967 and voluntarily dissolved on 5/26/1989. Robert Ollinger is listed as the registered agent at 8140 Waddell Dr., St. Louis, MO.

MO corp. data also shows Dow Screw Products, Inc., name changed from DSP, Inc.; incorp. in MO on 3/8/1989 (two months prior to dissolution of the prior co. and during the manifest period) and in good standing; president and reg. agent Michael Ruwitch, 3810 Paule Ave., St. Louis, MO. Given that these companies operated under the same name and the proximity of the dates of dissolution and incorporation, respectively, it appears that Dow Screw Products, Inc. is a continuation of the business of Ollinger Webster, Ltd., and is the likely liable party.

Reasoning Summary

Envirofacts shows Diversified Graphics Incorporated, 5433 Eagle Industrial Ct., Hazelwood, MO, owner Eagle Court Joint Venture, contact Norman C. Piotraschke, regulatory contact Jody Priebe, 8000 Maryland Ave., Suite 850, St. Louis, MO. TRI data shows Diversified Graphics Inc. at this address from 1987-1989. No other information was found regarding generator Eagle Court Joint Venture.

There is no listing in MO corp. data for Eagle Court Joint Venture. MO corp. data shows Diversified Equipment Rentals, Inc., 5433 Eagle Industrial Court, Hazelwood, MO, the address recommended by the steering committee, incorporated in MO on 9/27/74, and active. Yellow Pages shows this corp. currently active at this address. There is no apparent connection between this corp. and Eagle Court Joint Venture.

MO corp. data also shows Diversified Graphics, Ltd., incorp. in MO on 7/25/1972, status inactive, administratively dissolved on 8/31/1995, registered agent Richard Wolff, 8909 Ladue Rd., St. Louis, MO, president not indicated. This corp., located at 5433 Eagle Industrial Ct., Hazelwood, MO, also owned the fictitious business name Diversified Graphics, Ltd. International.

Accurant shows the most recent address for Norman C. Piotraschke, shown in Envirofacts data as a contact for Diversified Graphics/Eagle Court Joint Venture, as 1919 S. Grand Blvd., Apt. 413, St. Louis, MO. The Trammell Crow website shows that the St. Louis office is at the address and phone number given in Envirofacts data for the regulatory contact for Diversified Graphics/Eagle Court Joint Venture. The current address of the registered agent of Diversified Graphics, Ltd., attorney Richard Wolff, is provided by his firm's website. While none of these contacts are considered ideal, that of Norman C. Piotraschke appears to be the most viable, as he was likely associated with Diversified Graphics, Ltd. and/or Eagle Court Joint Venture. Richard Wolff was the registered agent for the corp., which has been out of business for approximately 10 years, and Trammell Crow Company was likely the property manager.

SAIC recommends sending a notice to Norman C. Piotraschke at his home address.

HARCROS CHEMICALS INC #1714 - 11,450 Gallons

THOMPSON HAYWARD CHEMICAL CO #2660 - 14,168 Gallons

Total Group Volume: 25,618 Gallons

Liability Group Reasoning

Elementis Chemicals Inc. is the likely liable party for Harcros Chemicals Inc. IA corp. data shows Elementis Chemicals Inc., a DE co. authorized in IA on 6/5/1981, and active; name changed from Harcros Chemicals Inc., the manifest name. Hoovers shows Harcros Chemicals was formerly a division of Elementis, but was privatized in a management-led buyout in 2001. Because Harcros Chemicals operated as a division, not a separately incorporated entity, during the manifest period, Elementis Chemicals Inc. is the likely liable party.

Elementis Chemicals Inc. is also the likely liable party for Thompson-Hayward Chemical Company. KS corp. data shows Elementis Chemicals Inc., a DE co. authorized in KS on 6/8/1991; name changed from Thompson-Hayward Chemical Company, the manifest name, and Harcros Chemicals Inc.

Proposed Address

Mr. Walker Allen, President
Elementis Chemicals Inc.

Address Reasoning

DE corp. data shows Elementis Chemicals Inc., incorp. in DE on 3/20/1981 and in good standing; name changed from Harcros Chemicals Inc. on 10/25/2001; name changed from Thompson-Hayward Chemical Company on 10/5/1988. No officer information is provided. IL corp. data shows Elementis Chemicals Inc., a DE corp. authorized in IL on 3/25/2005; president Walker Allen, 329 Wyckoffs Mills Rd., Hightstown, NJ.

SAIC recommends sending notice to Walker Allen, president of Elementis Chemicals Inc., at the address provided in IL corp. data.

Grouped Generators Information

HARCROS CHEMICALS INC #1714

Volume: 11,450 Gallons

IA corp. data shows records for four companies with the name Harcros: Harcros, Inc., incorp. on 5/16/88, and inactive; Harcros Chemicals, Inc., incorp. on 6/23/88, and inactive; Elementis Chemicals Inc. located at 329 Wyckoffs Mill Rd., Hightstown, NJ, a DE co. auth. to do business in IA on 6/5/81, and active; prior name Harcros Chemicals Inc.; Harcros Chemicals Inc. located at 5200 Speaker Rd., Kansas City, KS, a KS co. auth. to do business in IA on 9/24/01, and active.

Yellow Pages shows two apparently unrelated co.'s currently operating at the Steering Committee's recommended address, 4400 Vandalia Rd., Des Moines, IA.

Hoover's Online shows Harcros Chemicals Inc. located at 5200 Speaker Rd., Kansas City, KS and lists Kevin Mirner as the president and CEO. Harcros Chemicals Inc. was formerly a division of British chemicals maker Elementis and was taken private in 2001 through a management-led buyout.

The Elementis plc website shows that on 10/23/01, Elementis plc announced the sale of Harcros Chemicals to HCI Acquisitions Inc., and states that Harcros is headquartered in Kansas City, KS. HCI Acquisitions Inc. subsequently changed its name to Harcros Chemicals Inc.

Because Harcros Chemicals operated as a division, not a separately incorporated entity, during the manifest period, Elementis Chemicals Inc., is the likely generator.

DE corp. data shows Elementis Chemicals Inc., incorp. in DE on 3/20/1981 and in good standing; name changed from Harcros Chemicals Inc. on 10/25/2001; name changed from Thompson-Hayward Chemical Company on 10/5/1988. No officer information is provided. IL corp. data shows Elementis Chemicals Inc., a DE corp. authorized in IL on 3/25/2005; president Walker Allen, 329 Wyckoffs Mills Rd., Hightstown, NJ.

SAIC recommends sending notice to Walker Allen, president of Elementis Chemicals Inc., at the address in IL corp. data.

THOMPSON HAYWARD CHEMICAL CO #2660

Volume: 14,168 Gallons

KS corp. data shows Elementis Chemicals Inc., 359 Wyckoffs Mill Rd., Hightstown, NJ; name changed from Thompson-Hayward Chemical Company and Harcros Chemicals Inc., a DE co. authorized in KS on 6/8/1981, and forfeited on 7/15/2002 for failure to file an annual report.

DE corp. data shows Elementis Chemicals Inc., incorp. in DE on 3/20/1981, and in good standing; name changed from Harcros Chemicals Inc. on 10/25/2001; name changed from Thompson-Hayward Chemical Company on 10/5/1988. No officer information is provided.

IL corp. data shows Elementis Chemicals Inc., a DE co. authorized in IL on 3/25/2005 and in good standing; president Walker Allen, 329 Wyckoffs Mills Rd., Hightstown, NJ.

Hoovers shows Harcros Chemicals, Inc. at the manifest address, 5200 Speaker Rd., Kansas City, KS; president Kevin Mirner. Hoovers states that Harcros Chemicals Inc was formerly a division of Elementis, but was taken private in 2001 through a management-led buyout. KS corp. data shows Harcros Chemicals Inc., 5200 Speaker Rd., P.O. Box 2930, Kansas City, KS; incorp. in KS on 7/25/2001; active and in good standing; previous name HCI Acquisitions Inc.

Because Harcros was a division, not a separately incorporated entity, during the manifest period, Elementis Chemicals Inc. is the likely liable party.

SAIC recommends sending notice to Walker Allen, president of Elementis Chemicals Inc., at the address identified in IL corp. data.

Reasoning Summary

IL corp. data shows Goodrich Corporation; a NY corp. authorized in IL on 7/31/1934; status: good standing; president Marshall Larsen at 2730 W. Tyvola Rd., Charlotte, NC. This information is confirmed by the co. website.

A 2001 article from the Great River Economical Development Foundation states that Goodrich is spinning off Quincy Compressor, which it acquired in 1999, into a separate company that will be independent of Goodrich Corporation. Quincy Compressor is located at the Steering Committee recommended address, 3501 Wismann Lane, Quincy, IL.

Quincy Compressor's website identifies it as an EnPro Industries company. According to the co. history, Quincy Compressor has been operating since 1920. This co. was active prior to, during, and after the period of concern. It is the likely generator.

Hoovers shows Enpro Industries, Inc., 5605 Carneigie Blvd., Suite 500, Charlotte, NC; president Ernest F. Schaub. Quincy Compressor is identified as part of the Engineered Products segment of EnPro Industries.

Because it appears that Quincy Compressor was active prior to its acquisition in 1999 by Goodrich Corporation and it has been spun of by Goodrich into EnPro Industries, which is a separate entity from Goodrich, SAIC recommends sending notice to Ernest F. Schaub, president of EnPro Industries, Inc., at the corp. address.

Total Group Volume: 16,711 Gallons

Liability Group Reasoning

Federal-Mogul Products, Inc., is the likely liable party for LC 2134, Moog Automotive, Inc.

MO corp. data shows Federal-Mogul Products, Inc., name changed from Moog Automotive Products, Inc., and Moog Automotive, Inc.; incorp. in MO on 10/25/1977 and in good standing; president David Bozynski, 26555 Northwestern Highway, Southfield, MI. US EPA Envirofacts shows Federal Mogul Chassis Division at the manifest address, 6565 Wells Ave., Wellston, MO; alternate name Moog Automotive, Inc. This co. used the manifest name at the manifest address during the manifest period. It is the likely liable party.

Federal Mogul Products is also the likely liable party for LC 2883, Wagner Electric Corporation.

MO corp data shows Wagner Electric Corporation, a DE corp. authorized in MO on 5/1/1967; merged into Federal-Mogul Products, Inc., on 12/20/1996.

US EPA Envirofacts shows Plymouth Industrial Park at the manifest address, 6400 Plymouth, Wellston, MO. A 1/28/2005 article in the St. Louis Business Journal states that the St. Louis County Economic Council is overseeing the cleanup and redevelopment of the old Wagner Electric property located on Plymouth St. in Wellston, MO. The property is now called the Plymouth Industrial Park.

Wagner Electric Corporation used the manifest name at the manifest address during the manifest period. It is the likely generator.

MO corp. data shows Federal-Mogul Products, Inc., incorp. in MO on 10/25/1977 and in good standing; president David A. Bozynski, 26555 Northwestern Hwy., Southfield, MI. This co. is the successor to the likely generator and is the likely liable party.

Address Reasoning

MO corp. data shows Federal-Mogul Products, Inc., 26555 Northwestern Hwy., Southfield, MI. The co. website confirms the corp. address.

Grouped Generators Information

MOOG AUTOMOTIVE #2134

Volume: 16,336 Gallons

MO corp. data shows Federal-Mogul Products, Inc., name changed from Moog Automotive Products, Inc., and Moog Automotive, Inc.; incorp. in MO on 10/25/1977 and in good standing; president David Bozynski, 26555 Northwestern Highway, Southfield, MI. US EPA Envirofacts shows Federal Mogul Chassis Division at the manifest address, 6565 Wells Ave., Wellston, MO; alternate name Moog Automotive, Inc. This co. used the manifest name at the manifest address during the manifest period. It is the likely liable party.

The company website confirms the corp. address.

SAIC recommends sending notice to Mr. David A. Bozynski, president of Federal-Mogul Products, Inc. at the corp. address.

WAGNER ELECTRIC #2883

Volume: 375 Gallons

MO corp data shows Wagner Electric Corporation, a DE corp. authorized in MO on 5/1/1967; merged into Federal-Mogul Products, Inc., on 12/20/1996.

US EPA Envirofacts shows Plymouth Industrial Park at the manifest address, 6400 Plymouth, Wellston, MO. A 1/28/2005 article in the St. Louis Business Journal states that the St. Louis County Economic Council is overseeing the cleanup and redevelopment of the old Wagner Electric property located on Plymouth St. in Wellston, MO. The property is now called the Plymouth Industrial Park.

Wagner Electric Corporation used the manifest name at the manifest address during the manifest period. It is the likely generator.

MO corp. data shows Federal-Mogul Products, Inc., incorp. in MO on 10/25/1977 and in good standing; president David A. Bozynski, 26555 Northwestern Hwy., Southfield, MI. This co. is the successor to the likely generator and is the likely liable party.

The Federal-Mogul website and Dun & Bradstreet confirm the company's headquarters address.

SAIC recommends sending the notice to David A. Bozynski, president of Federal-Mogul Products, Inc., at the corp. address.

Reasoning Summary

MO corp. data shows that Ferco Fabricators, Inc., was incorp. in MO on 1/24/1986 and dissolved on 4/29/1991.

A 1994 U.S. EPA FRS record shows Ferco Fabricators Incorporated at 1751 Robertson Rd., Moberly, MO.

An article published by Tullius Taylor Sartain & Sartain titled "Case reminds employers - Withholding tax is personal liability" states "Floyd Riley, CEO and chairman of the board of directors of FERCO Fabricators Inc., was held to be a responsible person. (Floyd E. Riley vs. United States, 2002-2 USTC Para.50,514, June 4, 2002). The court in that case found Floyd Riley to be responsible for paying \$700,000 in back employment taxes.

A 6/7/2004 news release from the US Attorney's Office for the Eastern District of Missouri shows that Floyd E. Riley, "a long time Moberly, Missouri area businessman," pled guilty to criminal fraud charges stemming from the operation of Global Intermark, Inc., and Transworld Equipment Sales, Inc., through which he bought and sold heavy equipment.

A 9/29/04 article posted on titled "Moberly businessman is sentenced to prison," shows that Floyd E. Riley was sentenced to 21 months in federal prison and ordered to pay \$350,000 in restitution on 9/28/04.

The Federal Bureau of Prisons Inmate Locator shows no listing for Floyd Riley.

White Pages shows no listing for Floyd Riley in MO. White Pages shows a listing for an apparently unrelated co. at the address in the EPA FRS data. Yellow Pages shows no listing for Ferco Fabricators nationwide.

MO corp. data shows Global Intermark Corp., 630 N. Morley, Moberly, MO, incorp. in MO on 3/28/1995, and in good standing. Floyd E. Riley is listed as the reg. agent at the corp. address. This company's last Annual Report, filed 4/21/04, shows Floyd E. Riley as President at 345 Circle Dr., Moberly, MO.

White Pages shows no listing for 345 Circle Dr., Moberly, MO.

Due to the lack of information regarding the co.'s dissolution and the current nature of the information in the Global Intermark, Inc., Annual Report, SAIC recommends sending notice to Floyd E. Riley, President of Ferco Fabricators, Inc., at 345 Circle Dr., Moberly, MO.

Reasoning Summary

Dun & Bradstreet shows Sachs Automotive of America dba BOGE North America at the manifest address, 13323 IL Highway 133, Paris, IL, and Yellow Pages shows BOGE North America at this address.

IL corp. data shows ZF Sachs Automotive of America, Inc., 2107 Crooks Road, Troy, MI, a New York corporation authorized in IL on 10/20/04, and active. IL corp. data also shows Fichtel & Sachs Industries, Inc., 15 Spiral Dr., Florence, KY, incorp. in NY and authorized in IL on 4/19/82, status revoked as of 9/1/98, name changed from Gas Spring Corporation on 1/31/84.

Dun & Bradstreet also shows Fichtel & Sachs Industries dba BOGE North America at the corp. headquarters address of ZF Sachs Automotive of America, Inc., 2107 Crooks Rd., Troy, MI. Hoover's Online shows Sachs Automotive of America at this address, a subsidiary of German company ZF Friedrichshafen.

It appears that both Fichtel & Sachs Industries, Inc. and ZF Sachs Automotive of America, Inc., related companies, did business under the generator name, BOGE of North America. The Sachs North America website shows that Boge of America was established in 1972; Boge and Fichtel & Sachs, the two largest manufacturers of shock absorbers, merged in 1993. Since ZF Sachs Automotive of America, Inc. was not authorized in IL until 2004, SAIC recommends sending a notice to the corp. address of Fichtel & Sachs Industries, Inc., which was authorized in IL in 1982 and revoked in 1998, and was thus active during the entire manifest period.

Reasoning Summary

IL corp. data shows Great Dane Trailers, Inc., a GA co. auth. to do business in IL on 5/31/89, status revoked. Joel Mallin is listed as the president at 110 E. 59th St., New York, NY.

The Great Dane Trailers website shows that in 1997, Great Dane and Pines Trailers merged, creating Great Dane Limited Partnership. The website shows that it has two division offices, one at 602 E. Lathrop Ave., Savannah, GA, and one at the steering committee's recommended address in Chicago, IL.

GA corp. data shows Great Dane Limited Partnership located at 222 N. LaSalle St., Ste. 800, Chicago, IL, a DE co. auth. in GA on 12/30/96, and active

Dun & Bradstreet Small Business Solutions shows Great Dane Pines Division, Inc., located at the steering committee's recommended address, 2555 S. Blue Island Ave., Chicago, IL.

Yellow Pages shows Great Dane Limited Partnership - Great Dane Trailers currently operating at the steering committee's recommended address, 2555 S. Blue Island Ave., Chicago, IL.

Hoover's Online shows Great Dane Limited Partnership located at 602 E. Lathrop Ave., Savannah, GA. Hoover's Online states that "Great Dane is a unit of Chicago-based investment group CC Industries, which is controlled by the Henry Crown family". The ALLTEL website lists William H. Crown as a member of the board of directors and states that he is President & CEO of CC Industries, Inc., Chicago, IL, and is General Partner of Great Dane Limited Partnership, Chicago, IL.

Because the Great Dane Limited Partnership website shows that it has two headquarters locations, one in Savannah, GA, and the other at the steering comm's rec. address, and because

the ALLTEL website indicated that the co.'s general partner, William H. Crown, is in Chicago, SAIC recommends that a notice be sent to him at the steering comm.'s rec. address.

Reasoning Summary

MO corp. data shows GW Composites Inc. located at 2668 Kettering Ct., St. Charles, MO, incorp. on 3/29/67, and active. This co. changed its name from GW Fiberglass, Inc., on an unknown date. A 1999 annual report shows its headquarters were located at the steering committee's recommended address, 1700 W. Terra Ln., O'Fallon, MO. John W. Hammond is listed as the president at 1203 Walnut Hill Farm Dr., Chesterfield, MO. This co. was active in MO during the entire period of interest for the Clayton Chemical Site. There are no other records for GW Fiberglass in MO corp. data. GW Composites Inc. is the likely generator.

Yellow Pages shows two apparently unrelated companies currently operating at the steering committee's recommended address, 1700 W. Terra Lane, O'Fallon, MO.

Yellow Pages shows no listings for GW Composites in MO.

White Pages shows an apparently unrelated individual currently residing at the corp. address.

Reasoning Summary

The US EPA Envirofacts website shows Hallmark Cards Incorporated, alternative name Select Products Co., at the likely manifest address, 4901 Select Products Drive, Leavenworth, KS.

KS corp. data shows Select Products Company, Inc., incorp. in KS on 1/28/58, merged out of existence. MO corp. data shows Select Products Company, Inc., a KS corp., merged into Hallmark Cards, Incorporated, a MO corp., on 12/10/74. KS corp data shows Hallmark Cards, Incorporated, a MO corporation, authorized in KS 3/17/43, and active.

The Hallmark company website shows that a production center was built in 1968 in Leavenworth, KS. Hoover's Online shows the corporate headquarters for Hallmark Cards, Inc. at 2501 McGee Street, Kansas City, MO. It is likely that Hallmark Cards, Inc. continued to use the name Select Products after the merger of Select Products into Hallmark Cards, Inc., particularly at the manifest address, shown in EPA Envirofacts data as 4901 Select Products Drive.

SAIC recommends sending notice to Donald Hall Jr, president of Hallmark Cards, Inc., at its corporate headquarters address.

Reasoning Summary

MO corp. data shows St. Louis Diecasting Corporation incorp. in MO on 9/11/45; status: merged on 8/1/81; survivor entity: Hayes-Albion Corporation. This co. was active during the entire applicable period and is the likely liable party.

MO corp. data shows Hayes-Albion Corporation as a MI corporation, authorized in MO on 7/31/81; status: dissolved. The administrative dissolution occurred on 1/26/04.

MI corp. data shows Hayes-Albion Corporation incorp. in MI on 11/19/79; status: active.

MO corp. data also shows St. Louis Diecasting Corporation a FBN created in MO on 5/4/01; status: active; owners: Hayes-Albion Corporation at 1999 Wildwood Ave., Jackson, MI. The 2001 Registration Report from Hayes-Albion Corporation lists Roger G. Pollazzi, President, 3 Werner Way, Ste. 210, Lebanon, NJ.

According to the SEC 10-K filing for the fiscal year ended 9/30/00 for Harvard Industries, Inc., Hayes-Albion is a wholly owned subsidiary and operates four plants, one of which is located in Bridgeton, MO. This is the most current 10-K filing for Harvard Industries, Inc.

On 8/9/02, The St.. Louis Business Journal identified St. Louis Die Casting as a manufacturing division of Harvard Industries, which was (at the time) "in Chapter 11 bankruptcy proceedings in Trenton, NJ."

On 8/9/02, SSG Capital Advisors, LP announced it had consummated the sale of the "St. Louis Die Casting Division of Hayes-Albion Corporation, a wholly owned subsidiary of Harvard Industries, Inc. to an outside investor's newly formed entity, St. Louis Die Casting, LLC....The transaction closed in August 2002."

MO corp. data shows St. Louis Die Casting LLC incorp. in MO 1/4/02; status: active.

Yahoo states "On January 15, 2002, Harvard Industries, along with certain of its operating subsidiaries, filed petitions for relief under chapter 11 of the Bankruptcy Code in the United

States Bankruptcy Court for the District of New Jersey."

On 1/15/03, the MO Dept. of Economic Development issued a press release stating "Missouri's Rapid Response Team will assist workers who will be laid off by the closing of St. Louis Die Casting in Bridgeton. The engine part manufacturer cited a lack of funds as the reason for its closing."

USEPA shows Saint Louis Die Casting LLC at 201 Rock Industrial Park Drive, Bridgeton, MO 63044 on the Facility Registry System (FRS). Alternative names listed are Harvard Ind. Inc., St. Louis Diecasting, and St. Louis Diecasting Division. The last entry is for the TRI Reporting Form on 6/25/01 into TRIS.

A May 2004 list of Recent Real Estate Transactions on Stlconstruction.com shows that St. Louis Die Casting, LLC sold the plant located at the Steering Comm. rec. address to a unrelated party.

Current Google Yellow Pages show Harvard Industries Inc. at 201 Rock Industrial Park Dr., Bridgeton, MO. D&B shows Hayes-Albion Corporation at 201 Rock Industrial Park Dr., Bridgeton, MO.

Although St. Louis Die Casting, LLC appears to be the last owner of the original assets of the St. Louis Die Casting Division of Hayes-Albion Corporation, due to the fact that terms of St. Louis Die Casting, LLC's acquisition of such assets remains unknown, SAIC recommends sending notice to Roger G. Pollazzi, President Hayes-Albion Corporation, 3 Werner Way, Ste. 210, Lebanon, NJ.

Reasoning Summary

MO corp. data shows the manifest name, Intersat Corporation, incorp. in MO on 8/6/1980 and dissolved 8/25/1989. Eric F. Tremayne is listed as the registered agent at 120 S. Central, Ste. 540, Clayton, MO. No other information is provided.

EPA FRS data shows a form of the manifest name, Interstat Corp. at 2 Hood Dr., St. Peters, MO. This address is in the same city as the Steering Committee recommended address, 39 Cherokee, St. Peters, MO. EPA FRS data also shows Richard Sitze as the regulatory contact and Donald McLaughlin as the contact/owner. The last updated date for this information is shown as 3/29/1983.

US Patent and Trademark Office data shows that Intersat Corporation, at the address shown for it in EPA FRS data, owned the trademark "Intersat" from filing on 12/6/1982 until abandonment 7/17/1985. It shows the first use of the trademark to be 8/6/1980, which is also the incorporation date of Intersat Corporation.

This co. used the manifest name, operated in the Steering Committee recommended city and was active during the manifest period. It is the likely liable generator.

White and Yellow Pages show no listings for Intersat or for the Steering Committee recommended address, 39 Cherokee, St. Peters, MO.

Accurint data shows Donald S. McLaughlin, associated with the address shown in EPA FRS data and by the US Patent and Trademark Office, currently residing at 17734 Orrville Rd., Chesterfield, MO. St. Louis County real property data shows Donald S. McLaughlin as the owner of real property at 17734 Orrville Rd., Chesterfield, MO. White Pages has no listing for this address.

Since MO corp. data shows no evidence of formal dissolution, SAIC recommends sending notice to Donald S. McLaughlin, owner, Intersat Corporation, at the address shown for him in Accurint and St. Louis County real property data.

Reasoning Summary

IL corporate data shows Komatsu Mining Systems Inc. a DE corp. authorized in IL on 7/25/1997 and withdrawn on 6/10/2002. GA corp. data shows Komatsu Mining Systems Inc., 440 N. Fairway Dr., Vernon Hills, IL, a DE corp. authorized in GA on 3/28/1997 and withdrawn on 3/21/2002. DE corp. data confirms that this corporation was incorporated in DE in 1997. GA corp. data also shows Komatsu America Corp., 440 N. Fairway Dr., Vernon Hills, IL, incorp. in GA on 3/2/1987 and active. The Komatsu company website shows the contact address for general inquiries as 440 North Fairway Drive, Vernon Hills, IL and a manufacturing plant at the manifest address, 2300 North East Adams, Peoria, IL. Hoover's Online confirms the corp. headquarters address of Komatsu America Corp. It appears that Komatsu America Corp. is the parent of Komatsu Mining Systems Inc. and has been active since 1987, the beginning of the manifest period, while the apparent generator, based on the manifest name, Komatsu Mining Systems Inc., was incorporated in DE in 1997, after the manifest period.

SAIC recommends sending a notice to the CEO of Komatsu Mining Systems Inc., c/o Komatsu America Corp., at the corp. headquarters address.

Reasoning Summary

New Research Added 8/23/2005

IA corp. data shows that the likely generator and liable party from the original research, Lear Corporation Automotive Systems, is currently inactive. MI corp. data shows Lear Corporation Automotive Systems, an OH co. qualified in MI on 12/29/1996, merged into Lear Corporation EEDS and Interiors on 5/7/2004. MI corp. data shows Lear Corporation EEDS and Interiors, a DE co. qualified in MI on 1/9/1984 and in good standing. James H. Vandenberghe is listed as the president at 21557 Telegraph Road, Southfield, MI.

As respondent to prior notice has indicated, SAIC recommends that notice be sent to Jeffrey M. Stopar, Attorney, Eastman & Smith, Ltd., for Lear Corporation EEDS and Interiors, One Seagate, 24th Floor, Toledo, OH as confirmed by Martindale.com. In the alternative, SAIC recommends that notice be sent to James H. Vandenberghe, president, Lear Corporation EEDS and Interiors at 21557 Telegraph Rd., Southfield, MI.

Original Research (1999):

SAIC recommends sending a notice to Lear Corporation Automotive Systems, c/o Lear Corporation, at its corp. address. SAIC's rationale for recommending this address is somewhat complex and will require a thorough review by EPA.

Corp. data shows Lear Corporation Automotive Systems as an OH corp. located in Southfield, MI, authorized in IA 12/28/66, and active. This corp. used the name United Technologies Automotive Systems, Inc. in IA from 9/6/91 to 5/24/99. This corp. used a form of manifest

name United Technologies Automotive in IA on the manifest date. It is the likely generator.

The EPA Envirofacts Database website shows Lear Corporation at the manifest address, 2500 Hwy 6 East, Iowa City, IA; the manifest name United Technologies Automotive is shown as both an alternative facility name and a previous owner of this facility. The website of I-205 Worldnet, an Internet business services website, also includes a jobline listing for manifest name UTA at the manifest address. Both Yellow Pages and White Pages show United Technology Automotive currently operating at the manifest address. Hoover's Online Dun & Bradstreet also shows United Technologies Automotive, Inc. at another location in the manifest city, Iowa City, IA.

A United Technologies Corporation (UTC) press release of 3/16/99, obtained from the UTC website, announces that UTC has agreed to sell its UT Automotive unit to Lear Corporation for \$2.3 billion. The date of this transaction is after the manifest period, and just two months before the likely generator changed its name to Lear Corporation Automotive Systems. A 3/16/99 SEC 8-K report, filed by United Technologies Corporation and obtained from the Securities and Exchange Commission website, states that a wholly owned subsidiary of United Technologies Corporation has entered into an agreement with Lear Corporation whereby United Technologies Corporation will sell its UT Automotive unit to Lear Corporation. The agreement is described as a Stock Purchase Agreement, indicating that the UT Automotive unit was likely a subsidiary of United Technologies Corporation prior to the 3/16/99 sale to Lear Corporation.

The Dun & Bradstreet website shows the Lear Corporation Padded Products Division at the manifest address. This division is described as a manufacturer of automobile seats. Hoover's Online Dun & Bradstreet shows Lear Corporation at the manifest address. Hoover's Online Information for Lear Corporation also shows the corp. at the same corp. address as the likely generator. This evidence indicates that the likely generator became a subsidiary of Lear Corporation after the 3/16/99 sale.

Yellow Pages also show the World Headquarters of Lear Corporation at the corp. address of the likely generator. Because corp. data indicates that the likely generator is separately incorporated, SAIC recommends that EPA send a notice to the likely generator, c/o Lear Corporation, at this address.

Reasoning Summary

IL corp. data shows no records for entities containing the name Macoupin Service. 1980 U.S. EPA Envirofacts data shows Macoupin Service Co. on the manifest street and in the manifest city, Chiles St., Carlinville, IL; mailing address 220 N. Broad St., Carlinville, IL; owner Macoupin Service Company. This co. was active at the address during the period of concern and is the likely generator.

A business listing for Farm Product Warehousing and Storage in IL shows Macoupin Service Co., Carlinville Fs Elevator at the manifest address, 130 N. Chiles St., Carlinville, IL. Google Phonebook shows M & M Service Company, Carlinville Elevator in the recommended city, Carlinville, IL. Both of these listings have the same telephone number.

The M & M Service Company website states that the co. was formed on 9/1/98 and is a locally owned, agricultural cooperative service Macoupin and Montgomery counties. The co. is located at the manifest address.

A website for Illinois Specialty Farm Products shows multiple listings for M & M Service Co., including the manifest address, 130 N. Chiles, Carlinville, IL. U.S. EPA Envirofacts shows multiple listings for Macoupin Service Co., many at the same locations or in the same cities as the listing for M & M Service Co. on the IL Specialty Farm Products website.

IL corp. data shows seven listings for entities containing the name M&M Service, none of which appear to be related to the manifest address. IL corp. data has no record for an entity with the name M&M Service Company.

Because it appears that Macoupin Service Co. was a farm cooperative that operated at the manifest address and served Macoupin County and that M & M Service Co. is a cooperative that operates at the same address with the same telephone number and serves both Macoupin and Montgomery Counties, it appears that M&M Service Company is the successor to Macoupin Service Company and is the likely liable party.

SAIC recommends sending notice to Jim Launer, president of M&M Service Company, at the manifest address.

Mr. James A. Buzzard, President MeadWestvaco Corporation for MeadWestvaco Consumer Packaging Group, LLC 1 High Ridge Park Stamford, CT 06905 (203) 461-7400	None

Reasoning Summary

IL corp. data shows AGI Incorporated incorp. on 9/9/68, name changed from Album Graphics, Inc., on 8/23/84, and status active - merged into an IL LLC on 12/31/02. Richard H. Block is listed as the president at 1950 N. Ruby St., Melrose Park, IL.

IL corp. data also shows MeadWestvaco Consumer Packaging Group, LLC, incorp. on 12/31/02, name changed from AGI, LLC on 12/31/03, and from AGI, LLC New Entity on 12/31/02. This co. was incorp. as AGI, LLC New Entity on the same day that AGI incorporated merged into an IL LLC. It appears that this is the co. into which AGI Incorporated merged. MeadWestvaco Consumer Packaging Group, LLC, is the likely successor to the likely generator, AGI Incorporated.

2002 correspondence to EPA indicates that the primary contact for AGI Incorporated is: Stephen Moser, MeadWest Vaco Co., Courthouse Plaza NE, Dayton, OH. Yellow Pages shows neither Stephen Moser nor MeadWest Vaco Co. at this address.

The MeadWestvaco website shows its headquarters are located at 1 High Ridge Park, Stamford, CT, and lists James A. Buzzard as the president. On 4/24/00, Westvaco Corporation (which eventually merged into MeadWestvaco Corporation), acquired IMPAC Group, Inc., which was created through the merger of Klearfold, Inc., and AGI, Inc.

Yellow Pages shows Meadwestvaco Corporation currently operating at its worldwide headquarters in Stamford, CT.

Because it is unknown whether Stephen Moser still represents MeadWestvaco, SAIC recommends sending a notice to James A. Buzzard, President of MeadWestvaco Corporation, for the likely liable co., MeadWestvaco Consumer Packaging Group, LLC, at its headquarters address in Stamford, CT.

SAIC recommends sending a notice to AGI Incorporated at its corp. address, 1950 N. Ruby St., Melrose Park, IL. SAIC's rationale for recommending this address is relatively straightforward

Corp. data shows AGI Incorporated, located in Melrose Park, IL, incorp. 9/9/68, and active. This corp. was active in IL during the entire manifest period. Hoover's Online Dun & Bradstreet shows AGI Incorporated at the manifest address, 200 Capitol Way, Jacksonville, IL. EPA RCRA data shows AGI, Inc. at the manifest address. The AGI website shows locations for AGI Media Packaging, a Westvaco company, in the manifest city, Jacksonville, IL, and in Melrose Park, IL. This corp. operated at the manifest address. It is the likely generator.

Hoover's Online shows AGI, Inc. at its corp. address in Melrose Park, IL as a subsidiary of Westvaco Corp. Dun & Bradstreet, Yellow Pages, and White Pages show AGI, Inc. currently operating at the manifest address and at its corp. address.
